§

§

COUNTIES OF NOLAN, COKE & TAYLOR

§

WHEREAS, the Board of Trustees (the “*Board*”) of the Blackwell Consolidated Independent School District (the “*District*”) finds and determines that it is necessary and advisable to call and hold an election (the “*Election*”) for and within the District on the proposition(s) hereinafter set forth; and

WHEREAS, it is hereby officially found and determined that the Election shall be held on a uniform election date established by Section 41.001(a), Texas Election Code, as amended, as required by the laws of the State of Texas (the “*State*”); and

WHEREAS, the Board finds and declares that the meeting at which this Order is considered is open to the public, and public notice of the time, place, and purpose of the meeting was given, as required by Chapter 551, Texas Government Code, as amended.

**NOW, THEREFORE, BE IT ORDERED BY THE BOARD OF TRUSTEES OF THE
BLACKWELL CONSOLIDATED INDEPENDENT SCHOOL DISTRICT:**

Section 1. Findings.

(a) The statements contained in the preamble of this Order are true and correct, and are hereby adopted as findings of fact, and as a part of the operative provisions hereof.

(b) As of the date of adoption of this Order:

- (i) the aggregate amount of outstanding principal of the District's voted debt obligations was \$0.00;
- (ii) the aggregate amount of outstanding interest on the District's voted debt obligations was \$0.00; and
- (iii) the District's ad valorem debt service tax rate is \$0.00 per \$100 of taxable assessed valuation.

(c) If the issuance of bonds is authorized by voters, taxes sufficient to pay the annual principal of and interest on the bonds and the costs of any credit agreements may be imposed.

(d) If the bonds are issued, the total tax rate for voted debt obligations is estimated to be \$0.225 per \$100 of taxable assessed valuation (the current debt service rate of \$0.00 plus an expected additional tax rate of \$0.225 attributable to the bonds). The total overall tax rate of the District is expected to be \$1.1529 per \$100 of taxable assessed valuation, which is comprised of the sum of (i) the expected debt service tax rate of \$0.225 and (ii) the most recently adopted tax rate for maintenance and operations purposes of \$0.9279. This estimated total tax rate is derived from projections obtained from the District's financial advisor and the appraisal district and is provided without any assurance that such projections will be realized. At the time the bonds are issued, the actual total tax rate will depend upon, among other factors, prevailing interest rates, the assessed value of real property in the District, the availability of the Permanent School Fund Guarantee Program, and general market conditions.

The statements contained in these findings: (i) are based on information available to the District on the date of adoption of this Order, including projections obtained from the District's financial advisor; (ii) necessarily consist of estimates and projections that are subject to change based on facts, circumstances, and conditions existing at the time the bonds approved pursuant to this Order are issued; and (iii) are not intended to limit the authority of the Board to issue bonds in accordance with other terms contained in this Order. Accordingly, actual tax rates, interest rates, maturity dates, aggregate outstanding indebtedness, and interest on such debt will vary and will be established after the bonds are issued. To the extent of any conflict between this subsection and other provisions of this Order, such other provisions control.

Section 2. Election Ordered; Date; Proposition. The Election shall be held for and within the District on Tuesday, November 8, 2022 (the "*Election Day*"), in accordance with the Texas Election Code, as amended. At the Election the following proposition(s) (the "*Proposition(s)*") setting forth the purposes, the principal amount, and the maximum maturity date for the bonds to be authorized shall be submitted to the qualified voters of the District in accordance with applicable law:

The following table sets forth the estimated principal amount of, and interest due to maturity on, the bonds to be issued if Proposition A passes, and all outstanding obligations of the District secured by and payable from ad valorem taxes. The estimated interest and estimated combined principal and interest as set forth in the below table are estimates, based on market conditions as of the date of execution of this Order, and may change between the execution of this Order and the date of sale of the bonds.¹
